Hon Frank Hume,—See 4th page.

"My old black mammy," Louisa Ware, born in Culpeper County Va., in the year of 1807, was living in this city April 14, 1898.—With compliments of Frank Hume, Washington, D. C."

Don't be worried it will not pay.  
Base gratitude is found in the weak.

Don't forget what you owe your friends.

Will the civil service law be repealed?

Don't forget what the world is coming to.

Always take the advice of your friends.

Speak the truth at all times.

Ashly M. Gould will hear a whisper.

Always watch the man who pretends friendship.

The person who shows his teeth is a dangerous animal.

Do your duty towards your fellow man.

Superintendent George F. T. Cook is improving the school system.

In union there is strength.

Treachery is bound to be exposed.

Do as you think best and you will be given credit.

You cannot always take the recommendation of supervising principals.

If you do your duty, nothing more can be expected of you.

What can you expect from those whose heads are empty.

Don't come to conclusions always.

The people in this country are not surprised at results.

The negro and the democratic party are questions at issue now.

Speak the truth always, because it will not tax your memory.

We often predict misfortunes for our enemies that come to us.

Do as you think best and then you will not make any mistakes.

You cannot always depend on your friends.

We often dislike people because others do.

Don't always judge all people alike.

An envious disposition in man or woman is a sure sign of a weak mind.

We laugh because something pleases us.

It is not necessary to tell all you know.

Our sins will find us out sometimes.

Do always what you promise you will do.

Our High school is in need of good material.

If you can succeed on your merits do so.

If you know what your duty is, it is better that you do it.

A little flattery does well sometimes.

We often form conclusions on expert statements.

Don't get worried over small things.

Too much familiarity breeds contempt.

In our haste to deceive our friends, we often fall into a ditch.

Be true to your friends.

If your friends elevated you, your friends will keep you elevated.

It is not necessary to satisfy your enemies to the detriment of your friends.

Some new teachers are needed in our High school.

You should always defend your friends when they are right.

Commissioner Wight is not particularly stuck on the negro.

He is President McKinley's republican Commissioner.

The democrats will teach republicans a lesson soon.

Republicans are very sympathetic sometimes.

There is something needed in this city.

Be what you seem to be and nothing more.

## THAT SOUTHERN COLONY.

We can imagine the business and social necessity for an American colony in any foreign country with which we hold diplomatic relations and where there are Americans in a number sufficient to warrant a colony. We can imagine the justice for the life of us see the justification for the establishment of a southern colony, by southern men, in any northern city in the United States. Does the necessity for such a society grow out of the lack of hospitality on the part of the men and women of the North? We think not. Is it because the habits and tastes of the inhabitants of the two sections are dissimilar, rendering social intercourse incompatible? We think not. Then why the southern colony? When will the South come into the Union and recognize the fact that "Mason and Dixon" is only an imaginary line? Since no southerner will stand up and answer these questions which are now being seriously considered by northern sociologists we are compelled to reach a conclusion by the light of our own lamps.

Ever since the civil war the South has been engaged in proselytizing the northern people. The objects and aims of this unchristian, unpatriotic propaganda are to extend the war against the negro into the very citadel of his strongest and most sincere friends at the North and to propagate a sentiment justifying the high handed and brutal treatment which is systematically being perpetrated against the colored citizens. In their ungodly crusade, they enlist all that social and political blandishment can offer. Their best orators, their best types of society, the acumen of politicians of prominence are used as instrumentalities to gain allies in the work of forging the chain of serfdom for the degradation of the negro. But the conscience of the North is being aroused to a sense of the danger and injustice of sympathizing with or listening to men whose object seems to be to foster opposition to the natural and civil rights of the negro and are already condemning it in the pulpit and the press. It is to be hoped that the entire North may be made to see the scheme and to unite in discouraging southern colonies if for no other reason than that they are out of tone with the conditions which obtain the acknowledgement of all men as free and entitled to all the rights and immunities guaranteed by the Constitution and laws of the country.

## OUT OF SIGHT.

What is the Administration doing about the murder of the negro postmaster at Lake City, S. C.? The negro voters would like an answer to this question before the fall elections come off. The republican press is devoting a lot of space to Dreyfus and the hypocrisy of the French government. We would advise it to clean the Augean stables of our own government before taking the contract to teach civilization to the French.

The colored vote is divided.

## DON'T WANT THE NEGRO.

The white republican politicians of St. Louis, are much concerned, if the City Hall Record is authority, over the entry of several colored men in the race for congressional honors. The Record asks: "Have we not given the negro as many offices as any previous Administration, both state and national?"

Even if this were true, it does not argue that the colored citizens of St. Louis are unwise or traitors to the republican party in the case in point; nor does it necessarily imply, as is hinted by the Record, that the negroes are playing into the hands of the democracy.

Why should the negro, who is the balance of power in the party, be content with only that recognition accorded him by the past Administration?

The Record will have to give reasons more potent than any we have yet read before it can convince the negro that he is receiving anything like a just recognition at the hands of the Administration.

## WHY THE NEGRO REVOLTS.

The question is being asked why the negro revolts. Has he not sufficient cause? Is he to continue to be the foot mat and tool of a party that he continues to keep in power? The republican party is getting to be so conscientious that it allows its friends to be insulted by men who have been placed into positions of power and trust by the suffrages of the colored vote. The insults are not only open, but they are direct. Not satisfied with that, but it hides behind a subterfuge of a sham civil service law, that is enacted to suit the fastidious acts of both political parties. The republican party is too cowardly to undo what seems to be an injustice upon its own party workers. The colored voter is opening his eyes. He will no longer be the hewer of wood and drawer of water. The time has come for him to be either a pig or a puppy; a man or a monkey. The revolt of the negro voter means something more than newspaper talk.

## ROOSEVELT NOMINATED.

The republican machine of the State of New York, nominated by acclamation, Col. Theodore Roosevelt, on last Tuesday. The outlook for the machine nominee is very dark. The republican machine, in New York, has given the negro no consideration whatever. Whatever may be the motives of Tammany Hall in recognizing the negro, it is not necessary for the negro to consider. All he knows is that the democratic machine has given negro democrats such recognition that he deserves commensurate with what he has done and is doing for the white democracy. Senator Thomas Platt and his republican machine must do something more than tell the negro voter that "we freed you." The day of self laudation has passed. The negro is doing his own thinking.

## THE CAPITAL SAVING BANK.

There is no institution in this country that is entitled to more support by the people, than the Capital Savings Bank of which the Hon. John R. Lynch is president and Mr. Lemuel G. Bailey is treasurer. Both gentlemen are well and favorably known everywhere for their business qualities and honesty. This bank should be supported by every colored citizen in Washington. The managers have demonstrated to the world what they can do through a great financial crisis. Colored men who claim to have so much race pride, should support this bank.

Lawyer Thomas L. Jones is the regular republican nominee for Congress.

It is no harm for a person to appoint one or two relatives to positions when it is in his power.

Theodore Roosevelt.

## REVOLT AGAINST ROOSEVELT.

NEGRO REPUBLICANS DISCRIMINATED AGAINST.

[Special to the Bee.] New York, Sept. 29, 1898.—The colored republicans in the City and State of New York, will bolt the republican State ticket. The Tammany organization has made great inroads in the colored vote. The republican state machine has done nothing for colored republicans. There is a kick all along the line.

## A TRUE AMERICAN.

A DEMOCRAT WITHOUT PREJUDICE.—WHAT A TRUE SOUTHERNER THINKS OF THE NEGRO.

When Plutarch was writing the lives of eminent personages, little did the student of history think for a moment that modern biographers would ever have occasion to portray the life and character of such a true and honest American as Hon. Frank Hume, a southern benefactor of his people. The BEE takes extreme pleasure in speaking of a man of such eminent fitness and one with so little prejudice. Whatever may be said of the southern people and negro slavery, one thing can be said of some of them, that they had high regard and respect for those who nursed them.

Mr. Hume is a typical southerner. He is a philanthropist and humanitarian. He honors and respects those who respect themselves. The BEE presents to its many thousand readers today

HON. FRANK HUME, and his old black "mammy." This is an exact likeness from the photograph that Mr. Hume handed the BEE representative last week, with the following inscription on it: "My old black mammy, Louisa Ware, born in Culpeper County Va., in the year of 1807, now living in this city. April 14, 1898. Compliments of Frank Hume, Washington, D. C."

This is the language of Mr. Hume. He doesn't deny nor does he attempt to repudiate the woman who nursed him. We reproduce a picture of this well-known and highly respected gentleman who was born in the County of Culpeper, State of Virginia, July 21st 1843, he being the 4th son of Charles Hume, who for nearly half a century held a position in the Second Auditor's office of the Treasury Department.

The subject of our sketch grew up thoroughly identified with his State and her interests, and was among the first to volunteer when a call to arms was made by his native State. He served through the entire war with distinction and participated in all the principal battles, receiving a wound in the hip in the memorable charge at Gettysburg, of the famous Barksdale's brigade. At the close of the war Mr. Hume secured a farm in the County of Orange where he proved a model farmer, but his natural energy and enterprise precluded the idea of his being satisfied with the routine work of a farmer. He came to Washington city and after clerking for two years, he was offered and accepted a partnership with Mr. Richard Poole under the firm name of Poole & Hume. Owing to poor health of the senior member of the firm, Mr. Hume bought out his interest, and has successfully managed the same for over a quarter of a century. Mr. Hume resides on his beautiful estate "Warwick" in the County of Alexandria, Virginia, he is very popular among its citizens as evidenced by repeated honors heaped upon him, declining a reelection to the Virginia Legislature. As chairman of the Board of Supervisors, he will be remembered for the splendid roads built during his incumbency, which was highly complimented by the Department of Roads under Col. Stone of the Agriculture Department. He is connected with many of our leading institutions, and ever ready to extend a helping hand to those less fortunate than himself.

## MRS. LOUISA WARE.

The subject of this sketch, Louisa Ware was born a slave in the County of Culpeper, Va. in 1807 and belonged to Maj. Levi Rawlins, an uncle of the late Gen. John A. Rawlins, Gen. Grant's chief of staff, and Secretary of War, she was presented to the mother of Hon. Frank Hume as her maid, Mr. Hume's mother being the daughter of Levi Rawlins. Louisa married Daniel Ware, who was the famous chief of the famous Mansion House of Alexandria, then the headquarters of the leading men of the country. They had two children, both dead. Louisa or "mammy" as her foster children love to call her, is now nearing the ninety mark, is active and strong and enjoys excellent health and is full of practical good common sense—it is unnecessary to say she will never want while any of her foster children live as their affection for her has never been dimmed by time.

The Texas Rangers at last consented to take their money from the colored paymaster, Mr. Lynch.

## LAUGHED AT A POLICEMAN.

SOUTHERN JUSTICE SAMPLED IN THIS CITY.—THE COLORED MAN CLUBBED AND FINED.

Samuel Alexander, a colored black, was Tuesday arraigned before Judge Scott on the charge of disorderly conduct and assaulting Officer Clifford Grant. The latter stated that he is the special officer at the railway crossing at 7th and F streets northwest. On last Friday while he (the officer) was on the discharge of his duty, Alexander laughed at him offensively. Grant warned Alexander not to do so any more and informed him that if he did so he would arrest him. Alexander replied that Grant had no right to arrest him and he would not go with him, because he had not done anything to be arrested for. The officer then took him in custody. The latter put his hand on Grant's arm, it is said, and Grant struck him in the head with his club.

A number of witnesses, none of whom saw the beginning of the difficulty, testified that they saw the police officer strike Alexander over the head with his club. At the conclusion of the hearing of the government's side of the case Attorney Chase, counsel for the defense, asked that the case be dismissed.

The motion was overruled by Judge Scott, and Mr. Charles F. Hayden, an attaché of the patent office, was called as the first witness for the defense. Mr. Hayden said he saw the whole transaction, and the first remark he heard was by Officer Grant, who said, "What the—are you laughing at me for?"

Alexander answered that he was not laughing at Grant. The latter replied: "If you don't shut up I will arrest you."

Witness then related the circumstances of the arrest and clubbing as already stated.

Abraham Meyers, a messenger boy in the patent office, gave testimony similar to that of Mr. Hayden, added that the defendant used no profane language.

Walter Groesbeck, an examiner in the patent office, was also a witness to the entire trouble. His testimony was similar to that of the preceding witnesses for the defense, with the addition that in lowering an awning a small rope attached to the awning fell across the officer's hamlet and shoulder. The officer then turned and put Alexander under arrest and the clubbing followed.

Mr. Miller R. Sullivan, an attaché of the patent office, said at the time of the affair he was sitting at his desk in the Interior Department. He was a witness of the whole transaction, saw the officer grab Alexander roughly by his collar and strike him violently over the head with his club. He was asked how he and the others in his room saw the occurrence regarded it, and replied that there were a number of persons in the room at the time, and each exclaimed that it was an outrage.

Attorney Chase announced that he had at least a dozen more witnesses for the defense, but was so well satisfied that his client would be acquitted that he would not call them.

After remarks by Messrs. Mullouny and Chase, Judge Scott said it was his opinion that Alexander had been disorderedly, and for this he would fine him \$5. The charge for assaulting the officer was dismissed. The fine was paid by Mr. Wm. Dietz, one of the witnesses for the government.

## DR. PHIL B. BROOKS' SUCCESS.

Several months ago, it was mentioned in this paper of the departure of Dr. Phil B. Brooks, for New York to take a special scientific and medical bourse in the New York College. Dr. Brooks graduated with high honors and he returned to the city this week, where he will again take up the practice of his profession. His many hundred patients have missed him since his departure and they are more than pleased and gratified to have him again among them. Dr. Brooks is beyond doubt one of the most popular physicians in this city. There is no young man in the medical profession who has been more eager to improve it, and himself, than Dr. Brooks.

Dr. Bruce Evans, who visited Dr. Brooks last summer, said to a BEE representative, that he was royally received by the faculty of this white institution and was glad to see the high esteem in which the young physician was held.

It is evident that the 25th Infantry did some fighting to save the Rough Riders.

The Public Schools have opened with bright prospects.

The Commissioners will be asked to draft a bill allowing defendants a change of venue in the Police Court.

WANTED—Several trustworthy persons in this state to manage our business in their own and near by counties. It is mainly office work and expenses—definite, bonafide, no more, no less salary. Monthly \$75. References. E. E. Hess, Pres., Dept. M. Chicago.

## DISTRICT ODD FELLOWS.

WILL LEAVE THIS EVENING FOR THE B. M. C.—OVER THE CHESAPEAKE AND OHIO.

The District delegation of the B. M. C., of Odd Fellows will leave the city this evening at 11:10 p. m., over the Chesapeake and Ohio Railroad, for St. Louis, Mo., to attend the annual meeting of the B. M. C. The delegation will go over in a special car and will arrive in St. Louis, Monday morning at 7:30. The Virginia delegation will join the District delegation at Gordonsville and also the Covington. These delegations will establish headquarters in St. Louis, and will do all in their power to elect Mr. Thomas H. Wright, National Grand Master.

Among those who will go, will be Messrs. J. Frank Boston, H. L. Livingston, Thos. H. Wright, David Warner, James W. Muse, David Clark, M. Cheatham, W. L. Houston, Thos. Scott, James W. Norwood, Jas. W. Richardson, J. G. Turley, W. B. Harris, Rev. Wm. J. Howard, Joshua Gunnell, J. F. N. Wilkerson, H. W. Crump, James H. Cole.

## DEATH OF MRS. ANDERSON.

Mrs. Eliza J. Anderson, one of the oldest residents of Washington, died at her residence last Monday evening at 5:30 o'clock at the good old age of seventy-five years. She will be better remembered by the older citizens as the wife of Absalom W. Shadd, her first husband, who was, as early as 1849, engaged in the restaurant and cafe business at the corner of Sixth street and Pennsylvania avenue. Four children were born to this union. The father and mother migrated to Canada, where the father died, his widow subsequently being united to the Rev. D. W. Anderson, a Baptist clergyman. Dr. Anderson was well and favorably known here being, at the time of his death, pastor of the Nineteenth Street Baptist Church of this city.

Three of Mrs. Anderson's children survive her—Mrs. Julia A. Furnell, a teacher of mathematics in Howard University normal department; Miss Marion F. Shadd, principal of Lincoln Public School, and Dr. Furman J. Shadd, Secretary and Treasurer of Howard University medical department, and a prominent physician.

THE BEE tenders its sympathy to Mr. Roward Brooks of the Star in his bereavement over the sad death of his beloved father. The community at large, feels this sad death as keenly as Mr. Brooks.

## SUDDEN DEATH OF FRANK T. HYMAN.

Frank T. Hyman, thirty-eight years of age died at his residence, 315 Spruce street, about 10 o'clock last Monday night, without medical attention, as the result of a hemorrhage. Hyman had long been a resident of Washington, having been engaged in business here, but for the past few months has been employed in clerical work on the recent bond issue. He hailed from Alabama. He was in the best of health when he returned from work Monday afternoon, and about ten minutes before his death was chatting with a neighbor next door. Mr. Thos. Warrick was present at the time of his death.

## \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O.

The conviction of Alexander in the Police Court on Tuesday was worse than southern justice. What is the District of Columbia coming to?

Southern justice is daily dispensed from the Police Court of this city. Some of the convictions of negroes would make the southern "cracker jacks" blush.

Our esteemed contemporary the Indianapolis World, agrees with our editorial on the negro revolt.

The people of this city are in need of a colored daily.

Whatever may be the faults of the negro he is certainly true to his government.

The Washington Post, is still nervous.

In another column of this paper will be seen the portraits of Hon. Frank Hume and his "old black mammy" with sketches, of both. They should be carefully read by some of the negroes' pretended friends.

The Anti-Saloon League will be turned into a Salvation army. It is the most meddlesome organization in the city.

Attorney T. L. Jones was before the Congressional Republican Committee on Wednesday, in company of Hon. A. W. Harris, Col. James D. Brady and others, that was conceded by the other side, that Attorney Jones had four majority of the convention. Congressman Thorpe said that he would rest his case on Mr. Jones not being a voter and resident of the State and district. Attorney Jones sprung a surprise on Mr. Thorpe and his supporters by showing the certificate of the registrar of Petersburg, in which he stated that Mr. Jones was a registered voter of the City of Petersburg and that he voted at the last election. This knocked the bottom out of Thorpe's defense.

There is more Catarrh in this section of the county than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. #### ROYAL BLUE TRAINS.

In September last, railway officials from London were sent to America, to get ideas on the railway passenger service of the leading lines in this country, and in their official report, which was printed in the London Times in January, it was stated that the "Royal Blue Line" series of magnificent passenger trains, running between New York, Philadelphia, Baltimore and Washington, lead the world for quick and exquisite train service.

The "Royal Blue Line" service consists of nine elegant passenger trains a day in each direction between the cities named above. They are the finest and fastest trains in the world. Their equipment was built especially for the service by the Pullman Company, and includes every modern convenience known for the comfort of passengers. The trains are vestibuled from end to end, and hauled by the strongest and fastest locomotives in the United States.

The exquisite day coaches of these trains are worthy of special note. They are beautifully upholstered, each containing a washroom and smoking compartment.

The parlor cars are the most palatial ever built, being fully seventy-three feet long. In addition to this service, three new parlor cars were added in April, and are the first of this kind ever run; they are richly upholstered and ornamented throughout in most beautiful designs. A ladies' retiring-room is provided in one end of the car. This room, which is six feet square, is furnished with a beautiful dresser with large mirror and a number of drawers. On each side of it are upholstered corner seats. In another corner is a bookcase and stationery washstand. The room was designed for especial comfort of ladies, who have always claimed men had the best of it when travelling. The usual smoking apartment, however, is at the opposite end of the car.

The dining cars are operated by the Baltimore & Ohio Railroad Company, and especial attention is given to the menu. Every delicacy is served in season, and the service is unsurpassed.

In addition to the already perfect service of "Royal Blue Trains" mentioned above, there will be put into service May 15 a "Royal Limited" train, which will leave New York at 1:00 P. M., making the run to Washington in FIVE hours. Returning, the "Royal Limited" will leave Washington at 3:00 P. M., arriving New York at 8:10 P. M. The "Royal Blue Line" will then consist of three trains which make this extraordinary fast time between Washington and New York, which has never been attained by any other line. The "Royal Blue Trains" between Baltimore and Washington make the run in FORTY-FIVE MINUTES—the fastest regular service ever attained between the two cities.

The terminal at New York City is the most convenient for all points in Greater New York. Passengers can land at South Ferry (Whitehall Terminal), where, under the same roof, connection is made with the elevated lines of the second, Third, Sixth and Ninth Avenues, and the Broadway, Lexington and Columbus Avenue Cables. All the Brooklyn Ferries also start from this point, and by taking

#### SCHOOL OF PRINTING.

We would respectfully call our readers' attention to a new field of labor that The Bee has inaugurated at its office, 1109 I street, N. W.—a School of Printing for colored youths. It is the intention of the management that any who may avail themselves of the advantages of this school, shall receive a complete practical training in the art of printing in all its branches. The instructions will be under the personal supervision of Mr. Chase, member of the Typographical Union of this city, and who is without doubt among the best all-round printers in the country. Our facilities will be augmented by an entire new printing outfit, including all the latest styles of type, job presses and cylinder press, which will give pupils a chance to be up-to-date in the trade. In this connection we would ask our patrons to send in their orders for job work of any kind, as we will now be able to fill all orders from the smallest visiting card to the largest poster, and promise that our prices and work will compare favorably with those of any firm in the city.

Any young man desiring a trade will do well to write us for terms, etc., or call at this office and look over the establishment. The school will open on July 26th, and those desiring tuition will do well to inquire at once, as only a limited number can of necessity be accommodated. For information, terms, etc., Address, W. Calvin Chase, Manager Bee School of Printing.

Thanking you for past favors, and feeling assured of your support in this new endeavor, we are yours,

THE BEE.

**ADVANTAGE OF BAILEY'S IMPROVED TRUSS.**  
It adjusts itself so perfectly to the rupture that it is impossible for it to become displaced. It permits the utmost freedom of motion with perfect safety. All uncomfortable and injurious steel spring pressure is avoided. The pad is held in place by woven bands, which retain an equal pressure in all positions of the body. It can be worn in bed, a great desideratum to the young as tending to a perfect cure. It is the only suitable truss for children and females. The proper amount of pressure can be brought to bear and maintained in any position without pinching or harm to the wearer. It will cure hernia if placed on the patient sufficiently early. Excepting umbilical, it is the best truss ever offered for all kinds of hernia. It is so perfect and comfortable in its adjustment that the patient in a short time forgets he is wearing it. (See the certificate of Mr. Daniel Johnson.) Sent postage paid to any address on receipt of price; \$3 for single and \$4 for double truss.
